

Health Forever Fresh Sticker / Chip User Guide

Instruction:

1. Keep hands dry and clean when taking Health Forever Fresh Sticker / Chips from the original package. Keep eyes and nose at distance from the package during removal of the chips, as the high concentration of the essential oils may irritate the eyes and nose.
2. Put the amount of chips that you plan to use into a temporary container that can be sealed.
3. Health Forever Fresh Sticker / Chip can be used as a sticker or simply placed loosely inside the package. Either way, it will have the same effect.
4. After placing Health Forever Fresh Sticker / Chip into a food product package, please seal the package immediately for maximum effect.
5. We recommend to apply chips to the food product package within 3 days after the chip package has been opened. For best effect, store the remaining unused chips in a sealed aluminum foil bag and place it inside a plastic container.
6. Please, place the chip into a sealed PET/PP plastic bag for food product storage. Avoid using regular plastic bags or PE zip bags.
